ELECTRIC CAR CHARGING STATIONS ACTIVATED IN GARAGE

We are pleased to announce that the electric car charging stations in the parking garage are now online and ready for use.

Users must have an account with ChargePoint to utilize the station. To establish an account with ChargePoint visit:

<https://www.chargepoint.com/drivers/activate/>.

The station is activated either with a physical card or with Bluetooth through your phone with the app.

Currently, we are not charging for power but users **MUST** have a ChargePoint account in order to activate the station for use.

Charging stations are available in multiple locations in the garage:

Floor 2 - 4 stations for Patient/Visitor use

Floor 4 - 2 stations for Associate use

Floor 5 - 2 stations for Associate use

Thank you for your continued support!!
